INTERIOR

• Gray Leather Seats • Gray Headliner • 19 Passenger Seating •
Rated a 9

• Full cargo STC (Aircargo) • 5400 lb payload including all
the cargo nets • 9 passenger executive STC

EXTERIOR

Overall White with Blue & Gold Stripes Rated a 7.5

The most reliable and inexpensive way to fly 19 people from point A to point B! This 1992 Beech 1900D just received the A, B, C, & I check along with the 1 through 6 detail inspections. The interior has been refurbished with many new parts installed, a fresh IFR inspection and avionics check has been conducted, a recent gear inspection and all AD's and SB's have been complied with, including the important corrosion and Spar inspections. The engines have fresh hot section inspection as well as a light overhaul on both compressors with replacement of rotables, to include 2 brand new 8000 CT disks and all new blades. All other rotables have plenty of cycles remaining until 6000 factory TBO or 12000 on condition TBO. Aircraft includes 19 pax seats, cockpit voice recorder, flight data recorder, TAWS, TCAS, state of the art EFIS equipment, full cargo STC with 5400lbs payload capacity, 1500 mile range, and short field and high altitude operational capability. All the log books have been audited and determined to be accurate and original since new. This Beech 1900D is ready to work and needs nothing but a new owner!!!!

Price Reduced to
\$1,795,000/Trade/Make Offer!!
